“The trees, the flowers, the plants grow in silence. The stars, the sun, the moon move in silence. Silence gives us a new perspective.”

~Mother Teresa

It may be because we are in campaign season but I seem lately to really appreciate a good, quiet moment. There is something special about the silence that lets you interpret each moment on your own.

Gardening offers many moments of quiet reflection. There is both an explosion of life and a peacefulness that spring brings...I know that just being outdoors in nature lowers ones' stress level significantly. So we, at Bayport Flower Houses, wish to be your guide to help you nurture a way of life that can bring a feeling of well-being, connection and appreciation of the world we live in. One which comes through understanding...which is why we are here for you.

They say spring is a time of re-birth...so dig deep and appreciate what quietly goes on around us each day.

And remember to enjoy it!

~Karl

Spring Gardening Hours Monday - Saturday 8 am - 6 pm Sunday 8 am - 5 pm beginning May 6, Friday 8 am - 7 pm

New for 2016 in Annuals

CALIBRACHOA

Medium compact, semi-upright growth with big flowers and tropical colours. And with names like Kona and Aloha it's time to bring on SUMMER!

It's Divine™
the disease-resistant
Impatiens from seed

Divine New Guniea Impatiens give you great colors that's highly resistant to Impatiens Downy Mildew. Divine has great vigor in shade landscapes and containers.

Campfire™ Fireburst Bidens hybrid
Plant me anywhere, I'M EASY.

Vigorous and heat tolerant with striking scarlet and yellow flowers in the summer months and muted orange petals in early spring and fall. Continuous Bloom or Rebloomer Long Blooming - Fall Interest Heat Tolerant Deadheading Not Necessary Attracts: Bees

NEW For 2016 in TREES & SHRUBS

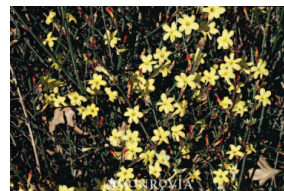

Buddleia 'Inspired Pink' Pretty, seedless pink flowers and long-blooming fragrance keep the butterflies, hummingbirds, and bees coming back for more. This deer-resistant darling of a Butterfly Bush is a lovely choice for mixing into a border or perennial bed

Buddleia 'Inspired Violet' Fragrant, dark purple flowers shine against the glossy dark green foliage. This variety attracts butterflies and hummingbirds throughout the summer months with its incredibly long bloom period. This plant thrives in full sun and is so easy to grow that it adds effortless color to any garden all summer long. Pruning spent flowers encourages more bloom from side flower shoots. Deer resistant.

Fagus sylvatica 'torulosa'

A purple contorted European Beech. Grows flat, horizontal to the ground. Leaves are purple and hang on into winter. Very rare and unusual plant. Grows about 8 to 12 inches a year

Jasminum nudiflorum Winter Jasmine

Broad, mounding or vining shrub has bright, lemon yellow flowers before leaves unfold. Slender, bright green stems make an attractive show in the winter landscape. Great covering for steep slopes, spilling over a wall or planted in groups. Deciduous.

April 30 & May 1 EDIBLE YARDS Weekend

Saturday, April 30 at 10 am

Deer Resistant Plants for the Home Garden

Deer in the landscape have become a large problem for home gardeners in recent years. There are several popular plants that deer will devour to the ground, but there are also many beautiful plants that deer prefer not to eat. For the past 25 years, **Dr. Mark Bridgen, Professor of Horticulture at Cornell University**, has been scientifically testing plants for their resistance to deer. The plants that he will discuss are tried-and-true and have been repeatedly shown to be dependably resistant to deer. Please join us and listen to this entertaining and informative presentation.

Sat, April 30 at 1 pm
